Pokémon BRILLIANT DIAMOND SHINING PEARL

Pokémon Brilliant Diamond and Shinning Pearl sees you travel the Sinnoh region to become the Champion of the Pokémon League. In the heart of the region is Mount Coronet and you'll soon discover on your adventure that many myths have been told throughout the ages.

You'll choose Turtwig, Chimchar, or Piplup as a starter Pokémon and will battle it out against other Pokémon trainers and gym leaders. This isn't the only aim of the game — you must also stop Team Galactic who are up to no good! Since this is a remake of the 2006 Nintendo DS games, Pokémon Diamond and Pearl, this isn't a new story for Pokémon

so if you've played this before, you'll already know what to expect. However, you won't want to miss the new and improved 3D graphics!

You can expect the return of other cool locations like Amity Square, where you can hang out with some of your Pokémon. Before, you could only walk with one cute Pokémon but now you can take a stroll with up to six.

The Underground is also making a return but this time it's called the Grand Underground and it has some new features. This is a whole other world below Sinnoh where you

can explore and find useful items and valuable Pokémon fossils. However, you can now create and customise your own secret base here as well as find Rare Pokémon in Hideaways.

WE CAN'T WAIT TO GET STUCK INTO THIS EPIC REIMAGINING OF A POKÉMON CLASSIC!

JUST DANCE 2022

The aim of Just Dance 2022 is simple, pick a song and get your groove on! The game is a sequel to Just Dance 2021 and is also the thirteenth game in the Just Dance series.

There are 40 new songs to choose from including some popular songs such as Level Up by Ciara and Believer by Imagine Dragons. Like previous Just Dance games, there are also a selection of more unusual or lesser-known songs that we're happy to see!

It's a great, colourful game with some interesting outfits. It's also a fun way to exercise while playing a video game at the same time.

If you are looking for a fun multiplayer game to enjoy with all your friends and family, this is the game for you!

NINTENDO SWITCH ONLINE + EXPANSION PACK

If you have a Nintendo Switch Online subscription, then you'll already know you can play a whole host of classic SNES and NES games which still hold up today! They're so timeless that Nintendo have added a new subscription option with even more retro games.

You can now play N64 and SEGA Genesis games including Super Mario 64, The Legend of Zelda: Ocarina of Time and Sonic The Hedgehog! These are games your parents might

have loved when they were younger, and you'll love too! They've even released new versions of the retro controllers, although they're a hefty price for controllers that only work with the retro games.

The Legend of Zelda: Ocarina of Time and Super Mario 64 from the N64 are a MUST and Castlevania from the SEGA Genesis is a hidden gem that you have to try!

NICKELODEON ALL-STAR BRAWL

Super Smash Bros.... but make it Nickelodeon!

This splat-tastic brawler is bright and bold, packed full of some of the most iconic characters from our TV screens. There are loads of ways to play with different characters, different brawl modes, Arcade mode or online with friends.

It's such a fun one to play with friends and family!

Who doesn't want to battle SpongeBob and Reptar?! This isn't just a button-masher either (although if that's your style, you do you) as the directions you use your light and special attacks determine whose move is stronger, and there are dashes and blocks to master! It's actually quite tricky to get the hang of, but you'll happily spend the hours working on it!

HOT WHEELS UNLEASHED

Playing *Hot Wheels Unleashed* feels exactly like a digital version of *Hot Wheels* – total fun and excitement! The game is an arcade-racing spectacular, full of bright colours and a good variety of levels which will have you jumping and drifting to your heart's content. The controls take a bit of getting used to, but once you get to grips, you'll have a great time with this game.

As you progress through the game you can earn coins and gears to unlock new cars, customisations, and upgrades. When purchasing new *Hot Wheels*, you're only given five options to choose from every two hours, which gives a similar feel to buying the cars

IRL from the limited selection in the shop!

One of the best features of *Hot Wheels IRL* is of course customising your tracks and challenging your friends to beat them, and you can do exactly that with the *Track Builder*. We found the building process easy and love the customisations and objects you can use to create the track of your dreams... but beware, you will need to successfully race them yourself before anyone else can use the track!

Overall, this game feels very creative and unique. We reckon fans of *Super Mario Maker*, *Rocket League*... and *Hot Wheels* will really like this one!

✓ HUGELY FUN TO PLAY!

MARIO PARTY SUPERSTARS

Do you love Mario? Do you love parties? What about board games? What about *MARIO PARTY BOARD GAMES*?! A classic instalment of Nintendo titles since the N64, *Super Mario Party* games have you play against friends (or the CPU) across iconic boards, playing minigames, sabotaging your opponents and collecting stars to win.

And this is the most ultimate release yet! A collection of the best boards and minigames from across all the games, it's time to party! If you're not in the mood for a full game, you can practise your skills at *Mini-games* to play all 100 minigames! You no longer have to gather your friends in one place either as you can play online, too. Party any time, any where!

These are truly timeless games that we'll NEVER get bored of playing, so a mega collection is the perfect idea.

FROZEN FACTS BRRILLIANT BOATS!

We all know boats are great
for travelling on water –
but they're even better
on ice! Not only do
they travel faster, but
you can also use ice in the
Nether, which means you
can build icy boat roads to
travel huge distances in the
Overworld in record time!

STACKED ICE!

You can't stack water buckets, so
if you need to transport a large
volume of water, carry stacks of ice
instead – it'll be so much faster!

ICY ENEMIES!

Only **Polar Bears** can
spawn on ice, so try
building an ice moat
around your base to help
keep it safe from enemy
mobs!

CHILLAGER!

There's an **Illager** in

WE'RE PLAYING...

nickelodeon ALL★STAR BRAWL

WHAT IS IT?

Think of all your fave characters from across Nickelodeon... SpongeBob SquarePants, Teenage Mutant Ninja Turtles, The Wild Thornberrys... OK, now make them battle each other. That's the power-packed battle brawler game of Nickelodeon All-Star Brawl! Wonderfully wacky, colourful and cartoony and pure carnage!

ULTIMATE FACE OFF!

From the characters below, pair up who you think would make the most epic battle!

ZIM	PATRICK	CAT-DOG	SANDY
APRIL	LINCOLN	REPTAR	HELGA

VS.
VS.

VS.
VS.

GENRE: PLATFORM BRAWLER SYSTEMS: PS4, PS5, XBOX SERIES X/S, PS4, PS5
WE DIDN'T KNOW WE NEEDED SPONGEBOB SQUAREPANTS BATTLES UNTIL NOW!

TOP TIPS!

BUILD IT UP!

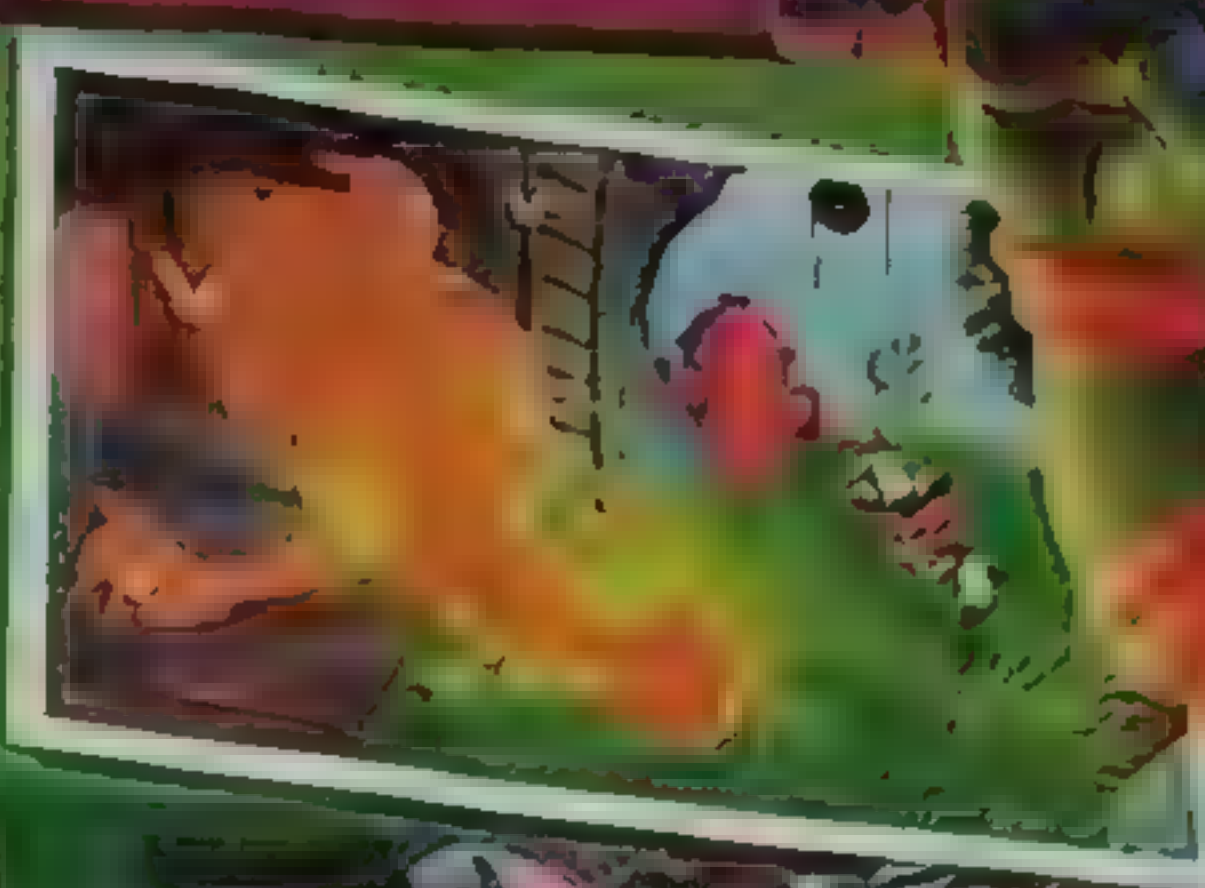

Start off your star with light attacks to build up attack percentage — the higher the percentage, the stronger your strong attacks to knock them flying!

SMART ATTACK!

Directions are everything! The direction (up, mid, down) you use an attack can determine whose attack wins out — like rock, paper, scissors.

PARRY PING PONG!

Parry those projectiles! Characters can fire projectiles at you, but the more they're bounced back and forth the more powerful they become, so if you can fire it back they're a goner!

FRASER2THEMAX ROBLOX ROUND UP!

Each month we check out Fraser2TheMax's fave Roblox game. This month, it's Cook Burgers!

WHAT IS IT?

"This game may sound simple but trust me, there is a lot more to do than cook burgers! I see the game as a sandbox game where you can troll customers and run a horrible restaurant. You can cook rats, have an army of cats and even collect hats! You can also become a cat or a rat."

BEST BIT!

"My favourite part of Cook Burgers is a cool hat you can get that lets you pick anything up with a laser, you can even pick up other players and throw them in the trash! I love this because it's so fun to mess around with, you can fly around the map by grabbing something under you, spam jump and fly away!"
